

LL.M. WITH A CONCENTRATION IN LEGAL ANALYTICS & INNOVATION

FOR U.S.-TRAINED LAWYERS

The master of laws with a concentration in legal analytics & innovation is designed to give practicing attorneys a competitive edge. Learn how to exploit high-performance computing to process large data sets and glean new insights from unstructured legal material. In addition, students will have the opportunity to study privacy law, cybersecurity, legal innovation and other cutting edge topics.

This interdisciplinary program gives students the knowledge to answer tomorrow's legal questions today. Georgia State Law partners with the J. Mack Robinson College of Business Legal Analytics Lab, so students can take courses with faculty who have expertise in legal analytics and machine learning as applied to a variety of legal domains, including securities, employment litigation, and arbitration awards.
